Minutes of Previous Meeting & Matters Arising

The minutes were accepted as being true & accurate.

From discussions at the previous meeting, together with the committee being aware that both 1st & 2nd team Captains have indicated they will not be standing for next season, shows the clubs 1st priority is recruitment of players for next season, along with trying to ensure existing numbers do not fall off.

Colin backed up Steff on this subject as he indicated he is aware of a number of players who have suggested they will be playing in 2010.

To this end he has drafted a letter that he feels we should send to all club members, making them aware of our situation.

After discussion it was decided to send out the letters as soon as possible.

It has also been decided to approach people connected with Ponthir Cricket Club, to sound them out about a possible merge.

This is to be moved on by Steff.

The 2nd area that required discussion from our last meeting was the situation with the rugby club.

To date this has not been resolved to the satisfaction of either party.

After further discussion within the committee, it has been decided to send a cheque to the rugby club for £90.00, within the agreement that we will discuss the matter further next April, when we will have a better idea of how the club stands.

Treasurer's Report

Steff reported that at present there is £2400.00 approximately in the club account. He confirmed that at present the clubs finances are looking healthy, with only 4 known individuals who have not paid their subs.

CAERLEON CRICKET CLUB

Secretary's Report

Mark confirmed that he had nothing new to report at the present time.

Any other Business

After checking that both Mark & Steff were happy to stand as Treasurer & Secretary for next year, Herb reported that he is considering not standing again as Chairman for next season. This is due to both work & family commitments.

Next meeting is to be Tuesday 20th October, 7.30pm at Herbs

Meeting closed at 8.40
